

THEORY of CHANGE

PROMED – Luanda Medical Center

What is the problem we are trying to solve?

Insufficient offer of quality healthcare services in Angola in determined medical specialties, image diagnostics and surgery, that make people look for medical treatment abroad

What are the wider benefits we work to achieve?

What is our purpose / long term change?

What do we invest into the project?

What are we doing to bring about change?

What will change in the short term?

Inputs	Activities	Outputs	Outcomes	Impact
<p>Design and engineering</p> <p>Construction know-how</p> <p>Building materials</p> <p>Medical equipment and materials, including advanced medical systems, diagnostic imaging equipment, computerized management systems and laboratory technology</p> <p>International experience, know-how and expertise in state-of-the art medical practices</p> <p>International and local trained workforce</p>	<p>Rehabilitation of the clinic's building</p> <p>Equipment supply and installation in the several clinic facilities</p> <p>Operation and maintenance</p> <p>Complete training and mentoring for medical professionals and other staff</p> <p>Healthcare services: appointments, laboratory and diagnostics, interment, surgeries</p> <p>Service management</p>	<p>Leading medical facility in Luanda for quality of service and reference for practice</p> <p>Availability in the country of innovative diagnostic means, medical specialties and surgeries</p> <p>Increased offer of medical care service</p> <p>Increased response to emergency and serious cases</p> <p>Better skilled and trained healthcare workforce</p>	<p>Increased access of people to clinic specialties and medical treatment previously non-available in the country</p> <p>Increased response capacity and service quality of the healthcare system to the healthcare needs of people</p> <p>Life savings and better recovery of patients</p> <p>Savings for families and employing companies from reduced needs to travel abroad for medical treatment</p>	<p>Improve the availability and quality of healthcare services in Angola</p> <p>Improve people's health conditions</p>
